

ServiceNow / Portal Developer Position

Role Brief

PlatCore is seeking an ServiceNow developer who will play a fundamental role in product delivery and constantly increasing value delivered to our clients. As a PlatCore developer, you will be responsible for the coding, innovative design and layout of our products, internal automation projects, and website. Responsibilities include product architecture design, UI/UX modeling, and development of maintainable code. PlatCore is experiencing explosive growth and offers numerous perks and benefits. If you want to belong and be part of our story, we'd love to hear from you.

Responsibilities

- Perform all aspects of Platform Administration, Design, Development and implementation of Software solutions
- Build Workflows and write automated scripts
- Build and Deploy UI Policies, UI actions, script includes, scheduled jobs, import sets and transform maps
- Maintain production system reliability through utilization of Change Management process
- Experience in coding, object-oriented and modularized software.
- Expertise in writing JavaScript.
- Expertise in unit and integration test automation.
- Demonstrated success completing complex projects, on time
- Demonstrated aptitude for learning new technologies quickly
- Create and maintain software documentation
- Stay plugged into emerging technologies/industry trends and apply them into operations and activities
- Provide product escalation support as required

Qualifications

- 2+ years ServiceNow platform and architecture strongly preferred
- In-depth knowledge of modern HTML/CSS/Bootstrap
- Knowledge of Javascript and Angular JS
- Strong problem diagnosis and creative problem-solving skills
- Strong organizational skills to juggle multiple tasks within the constraints of timelines and budgets with business acumen
- Ability to work and thrive in a fast-paced environment, learn rapidly and master diverse web technologies and techniques.
- BS in Computer Science or related field.

Nice to Have:

- ServiceNow Developer certification

- Experience in LMS software or Ed-Tech
- Experience in start-up environment

About us

PlatCore is an early stage software company focused on products based on the ServiceNow platform. We are looking for those who want to be part of something and building a company. We are passionate about having a culture worth working in and protecting. Each team member plays a critical part in driving value for our clients, moving our current in-market product AND future products forward, and sharing in the success of PlatCore.

We love people who are passionate about their work, freakishly smart, curious, and have something unique to offer, both professionally and personally. We are driven to make cool stuff that delivers huge value to our clients.
